☒ The Commissioner is hereby authorized to charge any fees which may be required, or credit any overpayment to Deposit Account No. 06-0502.

In addition, applicant notes with respect to any information that is not in English language as follows:

Reference C) describes a switching device which has a rod-shaped temperature sensor (15) consisting of a tube (16) containing an elongate element (17) of differing thermal expansion coefficients. A switch (22) with a snap-action spring is actuated by the temperature sensor via a separate operating device which is formed integrally with the spring. The spring may be a compression spring.

The above-identified application discloses and claims an invention patentable over this prior art.

Entry of the references above set forth into the file of the above application is believed to be in order and is respectfully requested.

Respectfully submitted
